

Comau Robotics Leadership in the automation of tandem press lines

Comau Robotics press-to-press lines are the results of over 20 years experience in the automotive field and of a vanguard technology in continuous evolution

- **22 Years of Experience:** first press line in 1984 over 1500 robots installed in about 200 Press-Shops worldwide
- **Turn-key lines** for the major car manufacturing companies in Italy, France, Great Britain, Germany, Turkey, United States, Brazil, China, Korea, etc.
- **Dedicated Robot Range: Smart PressBooster,** robots conceived and manufactured purposely to be installed in press-shops, featuring special engines and equipment
- **Dedicated Software package:** innovative SW packages with easy programming interface and optimized line management
- **Top performance in High Speed lines:** production rates up to 16 parts/minute and line efficiency greater than 96%
